[Could you send me medals of the candidates as soon as possible? I am sure I can sell a lot of them.]

[I hope you all are well, and wish some of you would come this way again.]

[How's the man with the umbrella? ...]

New Bedford Mass.
6/24/92.

Dear Harry:—

I hope you all are well, and wish some of you would come this way again. We have had Peter Annie here for two days. Could you send me some of the candidates as soon as possible? I am sure I can sell a lot of them. I suppose they will have them out directly.

How is the man with the Umbrella? Nothing. He's all right.

With love from all
to all
I remain your
loving Cousin,
Sir C. P. Wright

Padanaram Mass.
7mo 19th, 1904

Dear Cousin Harry:-

We have pretty nearly moved everything down here to our farm and found things just lovely here. Were getting along nicely, but mother overdid herself and caught cold as well, not being used to the country I suppose.

Yesterday after noon we had to take her to St Lukes hospital very sick with Typhoid fever with a temperature of 103 to 105. At first she did not want to go but it was the only thing we could do as the house is just up side down as yet.

mother was sick for nearly two weeks before we finally made her have a

Dr. which she did not want at all.

mile and I took her to the hospital yesterday and she stood the journey pretty well, better than we thought she would. We have got her in a private room so we can go to see her nearly all the time.

Since Saturday she has lost a great deal of flesh and will probably loose a lot more, as the Dr. said she would be in the hospital probably a month anyway. We told father last night that when she got out, she must take another months vacation of complete rest, by going away.

I am so worked up over it all that I can hardly write so please excuse. We are all broken up about

it, but father does not know how sick she is yet as we are just breaking it easy to him as the Dr. said.

She will get much better care at the hospital, than Annie or I could give her. As the house is, we could not get a nurse to come here, so we just had to send her there.

She was willing to go but just before starting she thought she didn't want to go, but we finally got her there. Mother stood the journey much better than we thought she would.

I have got to look out for things now till she recovers, and we all trust that she may pull through all right.

Yesterday she was very weak, and every thing has settle in her side and

limbs.

She has been worrying for fear that she has lost the use of her legs, as she could not bend them but very little, but of course she won't after she gets better

Will write you particulars as soon as I can, so will stop now to let father take this into the city.

The rest of us are pretty well and I am home for good now, as I have given up at Springfield and taking a rest for awhile.

Trusting you are all well.

I remain

Your Cousin

Chas. P. Wright

Will write again soon.
